

RecMat® Works!

The Best Choice for Superior Access, Easy Installation and Low Maintenance!

For more product information, visit www.zeager.com

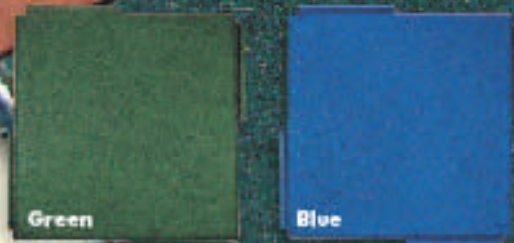

*Exceptional Performance
Over Virtually Any Sub-base!*

RECMAT® SYSTEM 71

You can reduce your installation costs while maintaining a safe and accessible play area! Zeager manufactures

its RecMat® System 71 exclusively from recycled rubber. Our engineered tiles are less expensive and are relatively easy to install or replace. And our interlocking tile system eliminates seam problems while forming a smooth surface designed for greater play value.
