Volleyball Nets

FLEXNET™ a jaypro sports product

Flex Net™

Ideal for volleyball uprights set between 35' and 37'.

- > Designed for international, collegiate, and high school competition play
- > Eliminates cumbersome cables by replacing them with heavy-duty woven nylon top and bottom bands
- > Headband attaches directly to winch leader strap for superb net tension
- > Adjustable straps attach to existing bottom band for additional length (not included with all nets)

Due to varying court sizes, the net body may not match your court width.

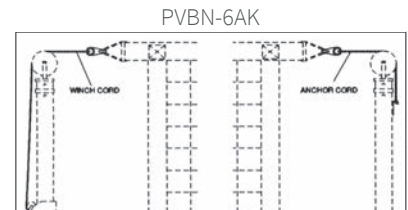

Item	For Uprights set between	Net Size	4' Strap Included	Price
Flex Net™				
PVBN-6	35' - 37'	32'L x 39"H	No	\$479 each
Alternate Flex Net™ Sizes

VEC-1

Floor Sleeves & Adapters

Chrome Finish

Brass Finish

Floor sleeves are generally 3", 3½" or 4". Jaypro Sports uprights are 3" or 3½". To ensure a proper fit, measure existing floor sleeves prior to selecting a system. See below for measuring instructions. Select the appropriate adapter that fits the measurements and system of choice. Reduce the inside diameter (ID) or shorten the depth of your floor sleeves with sleeve inserts shown below.

3½" Floor Sleeves and Covers

- > Heavy-duty cast brass or chrome finish construction
- > Spring loaded covers help prevent basketball dead spots
- > 3½" ID x 10" deep
- > 7½" OD lockable hinged cover plate

PVB-75S	Brass	22 lbs	\$425 pair	3Y
PVB-75S-CP	Chrome	22 lbs	\$425 pair	3Y

3" Floor Sleeves and Covers

- > Heavy-duty cast brass or chrome finish construction
- > Spring loaded covers help prevent basketball dead spots
- > 3" ID x 10" deep
- > 7½" OD lockable hinged cover plate

PVB-85CVR	Brass	8½" OD	7 lbs	\$205 each	3Y

Sleeve Insert/Adapter

- > Makes larger floor sleeve holes smaller
- > Specify current depth and inside diameter when ordering

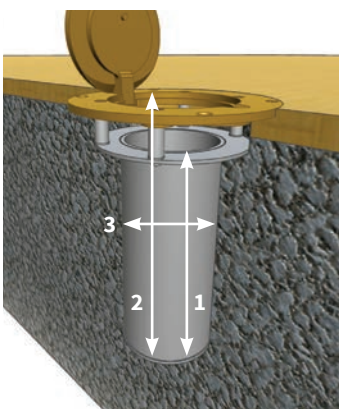

Depths other than the standard 10" are special order items (non-returnable). Custom sizes (depths) may require longer lead time.

PVB-DEP	Sleeve Insert	6 lbs	\$72 each	3Y	★
SVL-3238	Modifies 3" inside diameter to 2¾" ID	12 lbs	\$75 each	3Y	★
PVB-ID	Modifies 3½" inside diameter to 3" ID	8 lbs	\$69 each	3Y	★
SVL-3528	Modifies 3½" inside diameter to 2¾" ID	14 lbs	\$82 each	3Y	★
SVL-4035	Modifies 4" inside diameter to 3½" ID	9 lbs	\$69 each	3Y	★

Sleeve Insert Measurement

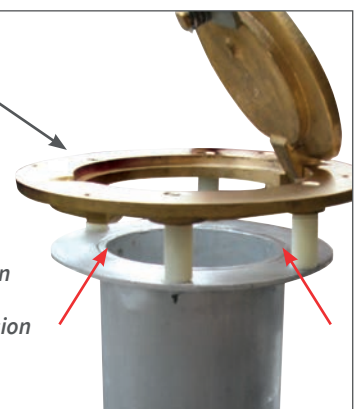

To ensure proper fit of sleeve inserts, provide the following dimensions of sleeves when ordering.

1. Depth of sleeve itself
2. Depth from bottom of sleeve to playing surface
3. Inside diameter of sleeve (do not measure cover plate)

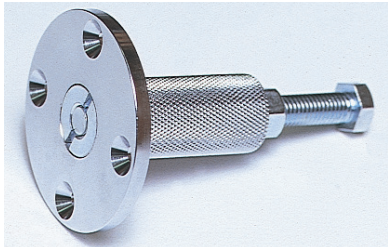

Do not measure cover plate

Measure the distance between red arrows for accurate dimension

Floor Anchors

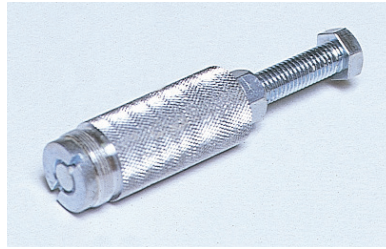

Floor Anchor (1 3/8" Cylinder)

Ideal for systems with "T" style or round bases that anchor to floor.

- > Billet steel body gives 9000 lb pullout strength
- > Designed for all floor applications except floating wood floors
- > 3/4" chrome cover with 1 3/8" wide cylinder
- > 1/2" center - 13 thread with spring loaded closure plug
- > May be used without extension bolt on wood, tile or synthetic surfaces applied directly over concrete slab or on a floating wood floor for light-duty performance
- > Includes removable cylinder in case striping occurs

FP-89 3 lbs \$145 each **3Y**

Floor Anchor (1 1/2" Cylinder)

Ideal for systems with "T" style or round bases that anchor to floor.

- > Billet steel body gives 9000 lb pullout strength
- > Designed for all floor applications except floating wood floors
- > 3/4" chrome cover with 1 1/2" wide cylinder
- > 1/2" center - 13 thread with spring loaded closure plug
- > May be used without extension bolt on wood, tile or synthetic surfaces applied directly over concrete slab or on a floating wood floor for light-duty performance
- > Includes removable cylinder in case striping occurs

FP-90 3 lbs \$125 each **3Y**

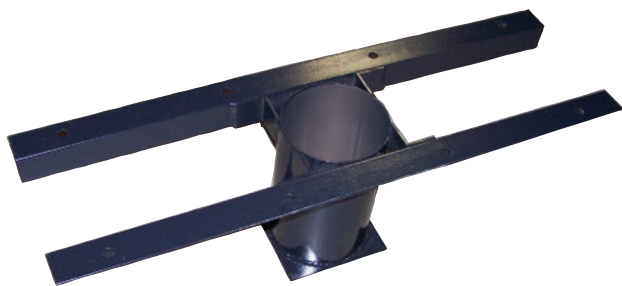

Floating Wood Floor Anchor (1 1/2" Cylinder)

Brass cover plate and anchor work independently to allow for installation into floating wood floors.

- > Billet steel body gives 9000 lb pullout strength
- > 3/4" brass cover with 1 1/2" wide cylinder
- > 1/2" center - 13 thread with spring loaded closure plug
- > Includes removable cylinder in case striping occurs

FP-100 4 lbs \$165 each **3Y**

Second Floor Sleeve Bracket

- > Designed for second story installation of floor sleeves or where there is less than 12" of clearance in the sub-floor
- > Mounting hardware not included

SB-10 67 lbs \$295 each **3Y** ★

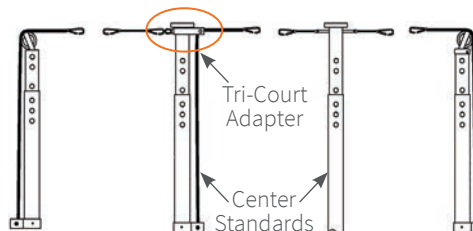

System Accessories

Wall Rack

- > Convenient storage rack
- > Heavy-duty steel rack attaches to wall

Ceiling Suspended Volleyball System

Save on external storage and set-up time with a Ceiling Suspended Volleyball System by Jaypro Sports. This system stores fully assembled and close to the ceiling, raised and lowered using a 1 HP winch, and is offered with or without an attached referee stand. Additionally, the net height is infinitely adjustable to meet both men's and women's regulation heights.

Ceiling Suspended Volleyball System

Conveniently raises and lowers volleyball system with a turn-key solution for quick set-up in minutes.

- > Meets NCAA and NFHS regulations
- > System raises to fold in either direction (specify fold direction when ordering)
- > Available with or without a 24" x 36" all-welded and attached referee stand with anti-skid diamond plate platform (250 lb capacity)
- > Dual Posilok™ safety straps automatically lock system in position should a malfunction occur during raising or lowering of unit
- > Engraved height markers for quick set-up (0-20" range)
- > Retractable foot system for maximum stability during playing conditions
- > Net height adjustment handles on both uprights
- > Exposed posts and frames fully padded for player safety
- > Competition high school volleyball net included
- > 1 pair of universal net antennae included

Stable Anchored Base

The powder coated white ground base assembly lies flat on the ground. The ground stake is inserted through the middle of the base to anchor it to the ground. The upright is placed over a sleeve on the base assembly, resulting in a stable goal with no visible anchor to cause a tripping hazard.

Portable Training Goal

Ideal for European style training.

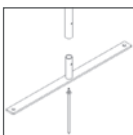

- > Lightweight and stable
- > 2" OD heavy-walled aluminum frame with stabilizing ground base plates
- > 4" sq mesh nylon net and carry bag included
- > Available in two sizes
- > Powder coated white

STG-718	Medium Goal - 18W' x 7½'H	44 lbs	\$605 each		
STG-718N	Medium Replacement Net	4 lbs	\$69 each		
STG-824	Large Goal - 24W' x 8'H	62 lbs	\$675 each		
STG-824N	Large Replacement Net	5 lbs	\$99 each		

Stable Anchored Base

The powder coated white ground base assembly lies flat on the ground. The ground stake is inserted through the middle of the base to anchor it to the ground. The upright is placed over a sleeve on the base assembly, resulting in a stable goal with no visible anchor to cause a tripping hazard.

Soccer Rebounder

- > Lightweight and stable
- > 2" OD heavy-walled aluminum frame with stabilizing ground base plates
- > Crossbar along bottom with additional ground base plate
- > 1½" sq mesh net with 1/8" cord and bungee net attachments
- > Carry bag included
- > Available in two sizes
- > Powder coated white

Hoop Rejuvenator™

Hoop Rejuvenator™ Kit

Is your basketball gooseneck system leaning, rusting or non-regulation height? Is budget a concern? Upgrade your existing system with the Hoop Rejuvenator™ by Jaypro Sports. Replace rusted backboards or regain regulation heights without the added cost of excavating and replacing your system.

- > Plumbs backboards on leaning goosenecks
- > Designed to fit standard mount plates and gooseneck systems 4½" OD and up
- > Acrylic, rectangular steel or aluminum fan backboard choices
- > H-frame kit or direct mount kit
- > Allows for goal height adjustment after court resurfacing (up to 6" for H-frames and 5" for direct mount units)
- > Ultimate Breakaway Playground Goal (UBG-500F) included
- > Stainless steel hardware and zinc galvanizing spray to cover rust spots included
- > NOTE: 3½" OD goosenecks only use aluminum fan backboard (HRKIT-FA)

Backboards

Unbreakable Replacement Package

- > 42" Unbreakable Glass Backboard (GBRUB-42)
- > Collegiate "Revolution" Goal (GBA-642)
- > Safe-Pro Edge Padding (MBBP-6)
- > Specify edge padding color when ordering

BBRP-42 228 lbs \$1,195 package

Note: The glass itself is not unbreakable. Breakage in transit, during mounting, malicious act or deliberate attempts to damage are not covered under warranty. Boards used with height adjusters below 10' are not covered under warranty.

FR 3Y 1Y

Unbreakable Rectangular Glass Backboard

- > NCAA and NFHS compliant
- > Unique design allows impact load on goal to transfer directly to an engineered lower reinforced steel frame member without putting stress on glass
- > Direct mount (4" x 5" hole pattern) or 4 corner mounting (35½" x 62/66")
- > ½" thick rectangular tempered glass
- > Lightweight high strength clear anodized aluminum channel outer frame
- > Predrilled for Safe-Pro Edge Padding (MBBP-6)
- > Goal and net sold separately

GBRUB-42 72" x 42" Backboard 185 lbs \$899 each

GBRUB-54 54" x 42" Backboard 160 lbs \$695 each

FR 3Y

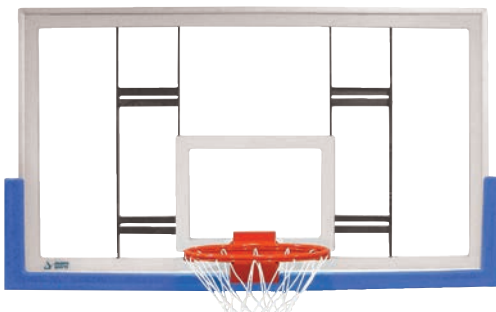

Note: The glass itself is not unbreakable. Breakage in transit, during mounting, malicious act or deliberate attempts to damage are not covered under warranty. Boards used with height adjusters below 10' are not covered under warranty.

48" Rectangular Glass Backboard

- > Similar features to the Unbreakable Glass Rectangular Backboard
- > Direct mount (5" x 5" hole pattern) or 4 corner mounting (42" x 63/66")
- > Goal and net sold separately

GBAFR-48 72" x 48" Backboard 200 lbs \$899 each

FR 3Y

42" Rectangular Glass Conversion Backboard

- > NCAA and NFHS compliant
- > Converts fan-shaped backboard to rectangular backboard
- > Eliminates need to alter playing court or backstop system
- > Direct mount (4" x 5" hole pattern) or 4 corner mounting (20" x 35")
- > ½" thick rectangular tempered glass
- > High-strength clear anodized aluminum frame
- > Goal and net sold separately
- > Backboard: 72"W x 42"H

GCBB-35 230 lbs \$1,145 each

FR 3Y

Patented Perforated Polycarbonate Backboard

- > Retrofits most indoor/outdoor support structures
- > ½" thick polycarbonate backboard is shatterproof
- > 250x stronger and 30% lighter than conventional glass backboards
- > Perforated holes release ball's energy achieving a "true bounce" off backboard
- > Sound and wind resistant construction
- > Graffiti, UVF and scratch resistant coating
- > Available in 3 sizes
- > See chart for custom trim colors
- > Goal and net sold separately
- > Call for freight quote

Wall Mounted Backstops

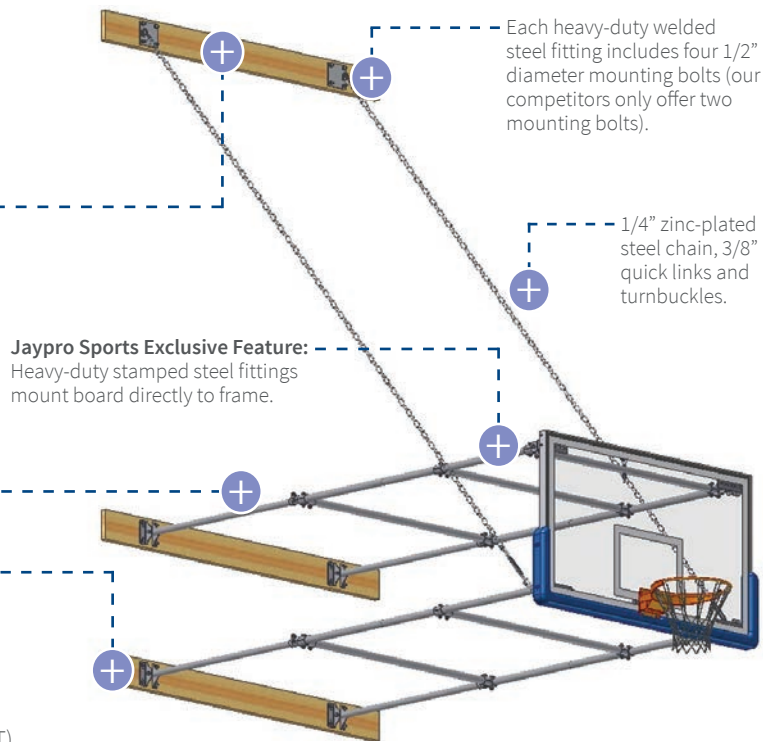

Telescoping frames allow for precise positioning of the backboard off the wall.

System comes complete and ready for installation – no cutting of pipes is necessary for units over 4' face of bank (some drilling is required). Attractive silver semi-gloss powder coated finish on all frame pipes and steel fittings.

2" x 8" Southern Yellow Pine mounting wood boards are ready for use: drilled and counter-bored, edges rounded and surfaces sanded with lacquer finished front, back and all edges. (Optional vertical wood stringers available, call for information).

Heavy-walled 1.90" and 1.66" OD frame pipes. Smaller OD pipe telescopes into larger OD pipe for up to 48" of adjustability at time of install.

Jaypro Sports Exclusive Feature: Heavy-duty stamped steel fittings with four 1/2" attachment bolts and grade 5 steel hinge bolts.

Choice of:

- > 42" Unbreakable Rectangular Glass Backboard (GBRUB-42) or 36" Aluminum Fan Backboard (ALB-24BT)
- > "Revolution" Breakaway Goal (GBA-642) for glass backboard or "Shot" Breakaway Goal (GBA-542) for fan backboard

Options include:

- > Color edge padding - see page 92
- > Height adjuster - see page 99

Wall Anchors not included (order separately depending on your wall construction)

Height Adjusters for Wall Mounts

Order with Stationary, Fold-Up or Side-Fold Backstops

Ordering Instructions: To order a wall-mounted backstop with a height adjuster, add the part number of the height adjuster style desired as a suffix to the system model number. (Example: ST68GB-EHAPW, Stationary backstop with an electric height adjuster with power wand control).

See page 99 for more height adjuster details.

IMPORTANT NOTES FOR WALL MOUNTED BACKSTOPS:

1. Wall-mounted basketball systems should only be installed on walls capable of supporting the weight of the backstop plus the additional weight of a player hanging off the rim. If you are unsure if your wall is capable of handling such loads, consult an architect, structural engineer or contractor.

2. Wall-mounted basketball systems require a minimum ceiling height and unobstructed wall height, depending on distance from the wall. Please refer to the backstop dimensional drawings and charts on www.jaypro.com or call customer service.

3. Jaypro Sports bears no responsibility for the structural integrity of the walls these backstops are mounted to.

4. Installation should only be done by a qualified installer using suitable wall anchors. Please contact Jaypro Sports for assistance in locating a qualified installer.

5. Jaypro Sports recommends two types of wall anchors depending on whether the anchoring is done into solid concrete or hollow block. When anchoring to un-filled CMU walls, often both anchors are required. Order wall anchors separately.

6. Jaypro Sports recommends all basketball backstops be inspected on an annual basis to ensure all wall anchors are sound, fasteners are secured and cables are not worn. Please contact Jaypro Sports for assistance in locating a qualified installer.

Shooting Stations

Wall Mount Shooting Station

Ideal for young children learning shooting skills and the art of free throws.

- > 3' Face of Bank
- > Handle easily adjusts backboard to desired height between 8' and 10'
- > Unbreakable Glass Rectangular Backboard (GBRUB-42)
- > "Revolution" Breakaway Goal (GBA-642) with hideaway net attachment
- > Wood backing included

- > Heavy-duty portable winch operator raises and lowers all types of backstops

ED-902		19 lbs	\$799 each	1Y
---------------	--	--------	------------	-----------

Height Adjusters Overview

Why Use a Jaypro Sports Height Adjuster?

Adjust the height of your backboard and rim from 8' to 10'. Lightweight and easy to operate. Constructed of extruded aluminum interlocking channels, which provide tighter clearances resulting in less shake than other height adjusters on the market – even at the lower playing heights. Choose either manual operation or electric control. The electric height adjuster is driven by a 1/6 HP motor, requiring 120 volt power. Electric height adjusters may be hard wired, or temporarily powered off a standard 120 volt electric wall outlet.

What Are the Different Types of Jaypro Sports Height Adjusters?

Manual Height Adjusters (Model: AHA): Easily raises and lowers the backboard with a manual hand crank. The manual height adjuster may also be controlled using a portable Cordless Drill Operator (CD-80H) purchased separately.

Electric Height Adjuster with Key Switch Control (Model: EHAKS): Requires running a dedicated 120 volt, 15 amp circuit to the wall mounted key switch and motor. Three position, momentary operated key switch provided.

Electric Height Adjuster with Power Wand Control (Model: EHAPW): Control your electric height adjuster without the added expense of hard wiring. Does not require an electrician or permanent electric wiring. Height adjuster comes with a built-in power wand receptacle. To operate, plug Power Wand into receptacle and any 120 volt, 15/20 amp wall outlet.

The narrow profile of the AHA height adjuster maintains a visually clean target area

Power Wand Controller

- > Portable handheld controller
- > Plugs into standard 120 volt (15/20 amp electrical wall outlet)
- > Operates by moving momentary toggle switch to desired position

HAPW-100 10 lbs \$460 each **3Y**

Manual Hand Crank

Replacement hand crank for manual height adjuster (6' long).

HA-1H 5 lbs \$99 each **3Y**

Cordless Manual Height Adjuster Operator

- > Heavy-duty 18 volt cordless drill for operating the Manual Height Adjuster (AHA-XX)
- > Charger, two batteries and carry/storage case included

CD-80H 18 lbs \$780 each **3Y**

Height Adjusters for Existing Systems

Take the guess work out of how to add a height adjuster to an existing backstop.

- > Kit fits most common backstop frames
- > Height adjuster (choose manual or electric)
- > 42" unbreakable glass rectangular backboard (GBRUB-42)
- > "Revolution" breakaway goal (GBA-642)
- > Mounting hardware to attach to center strut (6" OD to 6 5/8" OD) or double drop (H-frame) backstops included

To order choose your style of backstop and desired height adjuster. Double drop kits have mounting holes drilled in the field so they can fit most any frame width. Call customer service if you have any configuration not listed below.

A Leading Manufacturer of Quality Sports Equipment

With over 65 years of experience, Jaypro Sports continues to develop the most robust and reliable equipment for athletic fields and facilities across the United States.

Complex Projects Are Our Specialty

From gymnasiums to multi-use facilities, Jaypro Sports has a dedicated team with a long history in successfully delivering projects from concept to completion.

An Exceptional Field and Facility Solutions Company

Design

The Custom Projects Team at Jaypro Sports uses cutting edge 3D modeling design and collaborative software to ensure new construction products meet or exceed the highest performance standards. Innovative solutions are designed to meet the most challenging of facility requirements no matter the vision.

Engineering

Engineers on the Custom Projects Team utilize the latest analytical software to assess designs and achieve unsurpassed performance with optimum safety. Jaypro Sports engineers, designers and project managers are well-trained and harness the vision to realize a well-designed athletic facility.

Manufacturing

All team members at Jaypro Sports are dedicated to innovating and manufacturing athletic equipment at the highest standards for fields and facilities across the United States. From possessing a team of skilled and certified welders in our factory to running in-house, state-of-the-art robotic saws, plasma machines and premium powder coating systems, Jaypro Sports takes manufacturing safe and high performance athletic equipment serious.

Athletic Field/Facility New Construction and Renovations

Renovating a facility or upgrading an athletic field is an enormous undertaking. Jaypro Sports eases that burden by bringing over 65 years of real-world experience to the table and implementing superior institutional sports equipment made for champions. The Custom Projects Team assists from start to finish and delivers results to any new construction or facility upgrade project.

Outdoor Complexes

Gym Divider Curtains

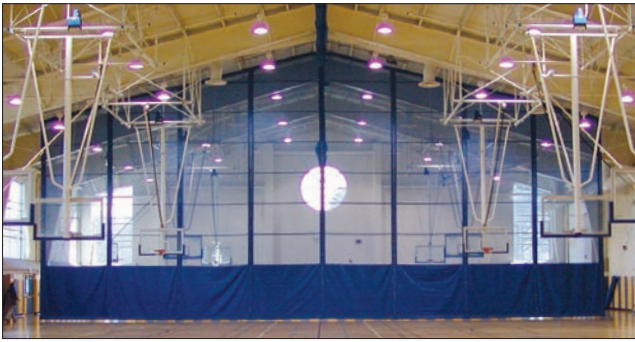

Jaypro Sports offers a variety of functional and attractive divider curtains that help divide any sports facility or institutional space. From power-controlled to manual curtains, we custom design divider curtains for any facility size requirements. Also available in solid vinyl or vinyl coated mesh with several color options.

Call for details and pricing. ★

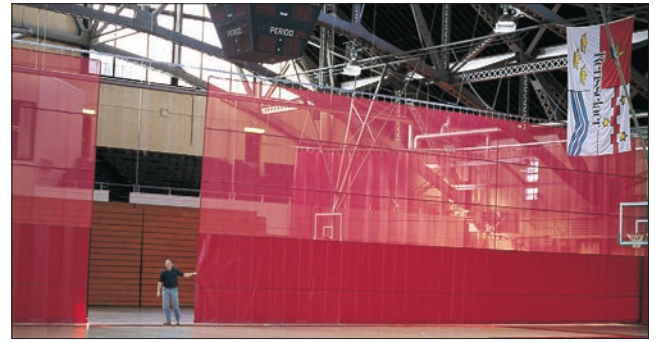

Roll Up Curtain: Raised and lowered by heavy-duty hoist belts and stores in a 2' storage space close to the building structure.

Slope Fold Curtain: Engineered to fit against the roof frame and conform to virtually any slope while providing maximum clearance for all sporting activities.

Walk Draw Curtain: Designed for manual operation, this curtain is moved by pulling it along a ceiling suspended track to store along a perimeter wall.

Top Roll Curtain: Uses no hoist cables or straps to raise and lower the curtain and stores tighter than many other curtain designs for additional clearance with low ceilings.

Fold-Up Curtain: Mounted to the building structure, this curtain uses accordion style vertical folding action making it virtually invisible in the raised position.

Mini Top Roll Curtain

Mini Top Roll Curtain

- > Use in different locations to create closed off areas
- > Designed to be compact and tight fitting to ceiling structure
- > Disappears up into or behind ceiling structure and rolls down at the touch of a button
- > 14 oz or 18 oz reinforced vinyl and 9 oz vinyl coated polyester mesh
- > Driven by an internal tubular motor requiring 120 volt power
- > Print school graphics or advertising on curtain
- > Developed for and used at Barclay's arena in Brooklyn, NY

WallGUARD™ a **jaypro sports** product

Four levels of player protection to meet various facility needs and atmospheres.

- › Provides excellent wall protection to absorb player impact
- › Reduces noise levels in any facility
- › Wall padding should be installed on all rigid surfaces located in close proximity (within 10') to active playing areas

Mounting options include:

- › 1" lip, top and bottom
- › Z-clip top, 1" lip bottom
- › Z-clip top and bottom

WallGUARD™ Basic Wall Padding

(Level 1) Padding

- › Economy wall padding for areas where impact is less likely
- › 2" thick polyurethane foam with 7/16" Oriented Strand Board backing
- › 14 oz fire-retardant vinyl in a variety of colors

WallGUARD™ Impact Wall Padding

(Level 2) Padding

- › Optimal for high activity facilities and/or close proximity to activity areas
- › 2" thick high impact foam with 7/16" Oriented Strand Board backing
- › 14 oz fire-retardant vinyl in a variety of colors
- › Exceeds impact standards as defined in ASTM F2440-04

WallGUARD™ Fire Wall Padding

(Level 3) Padding

- › Class A wall padding for areas where impact is less likely
- › 2" thick fire retardant foam with 7/16" Oriented Strand Board backing
- › 14 oz fire-retardant vinyl in a variety of colors
- › Certified class A fire rating in accordance with NFPA 255/ASTM E-84

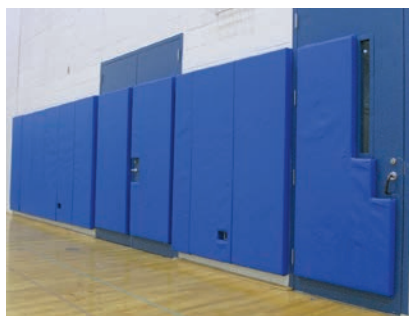

WallGUARD™ Fire/Impact Wall Padding

(Level 4) Padding

- › Highest rated wall padding for maximum player safety and building protection
- › Optimal for high activity facilities and/or close proximity to activity area
- › 2" thick fire retardant and high impact foam with 7/16" Oriented Strand Board backing
- › 14 oz fire-retardant vinyl in a variety of colors
- › Exceeds impact standards as defined in ASTM F2440-04
- › Certified class A fire rating in accordance with NFPA 255/ASTM E-84

FIELDPRO™ NET SYSTEM a jaypro sports product

Portable FieldPro™ Net System

Ideal where in-ground net systems are not appropriate.

- > 12' tall net system
- > 2¾" dia aluminum pole on tip & roll base for easy transport
- > Base has (4) 5 gallon jugs (filled in the field) to weight it down
- > (2) 10" dia no-flat tires
- > Cable clamps and sliding rings for easy net assembly
- > Corrosion-resistant hardware included
- > Optional vinyl base covers sold separately
- > Typical pole spacing is 18' apart (should not exceed 20')
- > Pole can be powder coated black (specify when ordering)
- > Can be used inside as a space divider
- > Sold per base dependent on overall length needed (specify when ordering)
- > Call for pricing and details

Configure a Portable Net System

Follow steps 1 through 3 to create a unique model number in the boxes below.

MODEL # : — X

STEP 1: Select Net (enter net letter in box "1")

- A** #36 knotted multi-sport UV treated nylon net with 1¾" sq mesh and 1/4" rope border
- C** HTPP knotless UV treated net with 1¾" sq mesh and 1/4" rope border

STEP 2: Identify Length of System (enter numerical length in box "2")

Determine the length of the net in feet (i.e. 180). Keep in mind typical pole spacing is 18' apart and should not exceed 20'.

STEP 3: Call 1-800-243-0533 to provide your unique model number for details and pricing.

Optional Feature

Consider the following optional features when speaking with us about your Portable FieldPro™ Net System.

- PFN-BCVR** Portable net system base cover (standard color is red). See chart on page 13 for vinyl colors (specify preferred color when ordering).
2 lbs \$49 each

In-Ground FieldPro™ Net Systems

Perimeter Net Systems for All Turf Fields

In today's congested sports complexes with multi-use fields in close proximity to each other, keeping balls within the confines of the field is important. Stop wasting time during practices and games chasing missed shots or errant passes. Ensure the safety of athletes, coaches, and spectators alike on adjacent fields and tracks. FieldPro™ Net Systems by Jaypro Sports offer ultimate design flexibility to suit all perimeter netting needs.

Five Different Heights and Pole Styles

10' Straight Pole with multi-sport net is ideal for use as a Lacrosse or Field Hockey backstop net. The net is clipped at the top and bottom of each pole for easy removal.

15', 20' and 30' Straight Pole comes with an easy to use hoist system allowing quick and easy lowering or removal of the net after the game, season or before a big storm. Reinstalling the net is a snap - all from ground level with no need for a ladder.

20' Offset Pole provides 3' of offset which is ideal for use around the perimeter of soccer and baseball/softball fields. It's also an added measure of safety from ricocheting balls.

Basic Features & Recommendations

- > Pulley system to raise/lower net (excluding 10' poles)
- > Ground sleeves and caps allow for complete system removal (optional but recommended)
- > Corrosion-resistant hardware included
- > Optional vinyl base covers sold separately
- > Pole can be powder coated black (specify when ordering)
- > Typical pole spacing is 18' apart and should not exceed 20'
- > It is recommended net systems are set back at least 25' from the playing field
- > Call for pricing and details

FIELDPRO™

NET SYSTEM

a **jaypro sports** product

Configure an In-Ground Net System

Follow steps 1 through 4 to create a unique model number in the boxes below.

MODEL # : – X
1 2 3

STEP 1:

Select Pole (enter pole number in box "1")

- FN-10** 10' tall straight 2¾" OD heavy-walled aluminum pole
- FN-15** 15' tall straight 4" OD heavy-walled aluminum pole
- FNS-20** 20' tall straight 4" OD heavy-walled aluminum pole
- FNO-20** 20' tall offset 4" OD heavy-walled aluminum pole
- FNS-30** 30' tall straight 6⅝" OD heavy-walled aluminum pole

STEP 3:

Identify Length of System (enter numerical length in box "3")

Determine the length of the net in feet (i.e. 180)
 Keep in mind typical pole spacing is 18' apart and should not exceed 20'.

STEP 2:

Select Net (enter net letter in box "2")

- A** #36 knotted multi-sport UV treated nylon net with 1¾" sq mesh and 1/4" rope border
- B** #36 knotted soccer/football UV treated nylon net with 3½" sq mesh and 1/4" rope border
- C** HTPP knotless UV treated net with 1¾" sq mesh and 1/4" rope border
- D** HTPP knotless UV treated net with 4" sq mesh and 1/4" rope border

STEP 4:

Call 1-800-243-0533 to provide your unique model number for details and pricing.

Optional Feature

- > Poles can be powder coated black (specify when ordering).
- > Ground Sleeves sold separately.

Terms & Conditions

Contact your local Jaypro Representative or Jaypro for detailed Information on Terms & Conditions

Returns: Jaypro will accept the authorized return of all standard products for any reason within 30 days of the ship date. **SPECIAL ORDER/ CUSTOM COLOR ITEMS ARE NOT RETURNABLE.** Customers must obtain a return authorization number from Jaypro after supplying the invoice number, item number, and reason for return. Customer is responsible for a 20% restocking fee and return freight charges.

Freight Damages & Discrepancies: Damages or shortages must be reported within 7 days of the delivery date. It is the responsibility of the customer to sign the delivery receipt as damaged or short. If Jaypro is notified within this time frame, we will replace as needed and file the claim with the carrier.

Payment Terms: We accept checks, American Express, Discover, MasterCard, and Visa. Approved accounts are required to submit a purchase order and will be billed Net 30 from the invoice date. All past due accounts are subject to a 1.5% per month (18% per year) interest charge and collection costs. Any approved account choosing to pay by credit card after the invoice date may be subject to a 3% credit card processing fee.

We reserve the right to correct typographical errors. Visit www.jaypro.com for a full list of Terms & Conditions.
