Save on external storage and set-up time with a Ceiling Suspended Volleyball System by Jaypro Sports. This system stores fully assembled and close to the ceiling, is raised and lowered using a 1 HP winch, and is offered with or without an attached referee stand. Additionally, the net height is infinitely adjustable to meet both men's and women's regulation heights.

Ceiling Suspended Volleyball System

Adjustable ceiling suspended system conveniently raises and lowers with a turn-key solution for quick set-up.

- Engraved height markers (0-20" range)
- Net height adjustment handles on uprights
- Exposed posts and frames are fully padded
- With or without referee stand models
- Collegiate net and antennas included

* Call Customer Service for details

System raises to fold in either direction. Specify fold direction when ordering. Dual Posilok™ safety straps automatically lock system in position should a malfunction occur during raising or lowering of unit. Call for freight quote.

* Limited Warranties

FLEXNET™

Flex Net™

Heavy-duty nylon banded net eliminates use of cumbersome cables. Designed for international, collegiate, and high school competition play!

- For uprights set between 35' and 37' (alternate sizes available)
- Headband attaches directly to winch leader strap for superb net tension
- Adjustable straps attach to existing bottom band for additional length

Due to varying court sizes, the net body may not match all court widths.

Sleeve Insert Measurement

To ensure proper fit of sleeve inserts, provide the following dimensions of sleeves when ordering.

1. Depth of sleeve itself
2. Depth from bottom of sleeve to playing surface
3. Inside diameter of sleeve (do not measure cover plate)

Sleeve Insert/Adapter

- Makes larger floor sleeve holes smaller

Call customer service before ordering.

NETX1™

Seamless One-Piece Lacrosse Net

The NETX1™ lacrosse net is the most robust and long-lasting net money can buy. Its one-piece design eliminates the most common points of failure on traditional lacrosse nets: the diagonal seams, while providing a modern aesthetic that truly sets it apart.

The UV/weather stabilized “double-needle” nylon twine has a true 7mm thickness (measured across the depth and width of the twine) with a minimum breaking strength of 770 lbs. The combination of high strength twine and lack of diagonal seams means it will outlast every other net on the market.

The included “body fit” rope adjusts the net on the goal to maintain an appropriate amount of slack so balls remain inside the goal without bouncing back out.

- Weather-stabilized 7mm x 1½” sq. knotless nylon with breaking strength of 770 lbs.
- One-piece design eliminates diagonal seams (the most common point of failure)

1 Year Limited Warranty

“Body fit” rope to adjust net slack/tension

Robust and long lasting

BTPNS

Baseball/Softball Tensioned Backstop Net Systems

Safety tensioned backstop netting designed to not only stop the ball, but minimize net deflection. Two basic systems are available.

BTPNS Tensioned Pole to Pole Backstop Net System
Engineered structural poles support tensioned netting with fewer poles.

BPCNS Tensioned Cable Backstop Net System
Pull-back cables attached to building structure or offset pull-back poles, for a cleaner look with reduced obstructions.

Features:

- Length, height, and configuration as required
- Engineered structural poles with heights up to 40 ft.
- In-ground and surface mount pole installations available
- Systems can be free-standing or incorporated into backstop knee-wall
- Netting Options:
 - #36 knotted nylon, 1 $\frac{3}{4}$ " black sq. mesh netting
 - 1 $\frac{7}{8}$ " black knotted Dyneema (UHMWPE) sq. mesh netting, for unsurpassed strength and visibility
- Poles are powder coated black over zinc rich primer
- All hardware is galvanized

Call for more information and design assistance. Call for freight quote.

3 Year Limited Warranty

Durable fixed height system with black powder coat finish and acrylic or steel backboards. 66" extension arm for "play safe" area!

- Unit buries 48" into ground
- 6" square steel upright with angled extension arm
- Height can be adjusted after court resurfacing
- Flex goal (GBA-548), net (JNY-6HP), post and backboard edge padding (EP-46)* included
- Backboards - 72"W x 42"H

*Steel backboard does not include edge padding.

Limited Warranties: Sys. 3 Yr., Goal 7 Yr., Net 1 Yr.

LS-200	Acrylic	\$2,340 EA	474 lbs
LS-200RS	Steel	\$2,308 EA	550 lbs
LD-200	Double Acrylic	\$4,074 EA	766 lbs

The Church Yard

Durable fixed height system with black powder coat finish and acrylic or aluminum fan backboard. 40" extension arm for "play safe" area!

- Unit buries 48" into ground
- 4" square steel upright with angled extension arm
- Height can be adjusted after court resurfacing
- Flex goal (GBA-548), net (JNY-6HP), post (PP-44) and backboard edge padding* (EP-48) included
- Acrylic Backboard - 48"W x 36"H
- Aluminum Fan Backboard - 54"W x 36"H

*Aluminum fan backboard does not include edge padding.

Limited Warranties: Sys. 3 Yr., Goal 7 Yr., Net & Pole Pad 1 Yr.

400-AC-FG	Acrylic	\$1,568 EA	350 lbs
400-FA-FG	Aluminum Fan	\$1,508 EA	300 lbs

H-Frame Design:

The H-Frame design is to be used on systems where gooseneck mounts near the center of the backboard, not at the rim, but above it.

Direct Mount Design:

The Direct Mount design is to be used on systems where both backboard and rim are mounted directly to gooseneck.

HOOP REJUVENATOR™

Hoop Rejuvenator™ Kit

Hoop Rejuvenator™ allows for easy upgrading of existing systems without the added cost of excavating and replacing them.

- Plumbs backboards on leaning goosenecks
- Allows for goal height adjustment after court resurfacing (up to 6" for H-frames and 5" for direct mount units)
- Designed to fit standard mount plates and gooseneck systems 4½" OD and up
- Acrylic, rectangular steel, and aluminum fan backboard options
- H-frame kit and direct mount kit models
- Breakaway goal (UBG-500F), stainless steel hardware, and zinc galvanizing spray to cover rust spots included

3½" OD goosenecks only use aluminum fan backboard (HRKIT-FA).

	Item #	Backboard	Weight	Price
H-Frame	HRKIT-AC	72" x 42" Acrylic	215 lbs	\$1,657 EA
	HRKIT-FA	54" x 36" Alum. Fan	119 lbs	\$1,314 EA

Unbreakable Rectangular Glass Backboard

½" thick tempered glass backboard designed for impact load on goal to transfer directly to a lower reinforced steel frame member without putting stress on glass. Indoor use only.

- Direct mount (4" x 5" hole pattern) or 4 corner mounting
- High strength clear anodized aluminum frame
- Pre-drilled for Safe-Pro™ Edge Padding (MBBP-6)
- Goal and net sold separately

GBRUB-42 72" x 42" Unbreakable Glass Backboard

\$850 EA 179 lbs

GBRUB-54 54" x 42" Unbreakable Glass Backboard

\$759 EA 160 lbs

Note: The glass itself is not unbreakable. Breakage in transit, during mounting, malicious acts, or deliberate attempts to damage are not covered under warranty. Boards used with height adjusters below 10' are not covered under warranty.

3 Year Limited Warranty

48" Rectangular Glass Backboard

Similar features to the Unbreakable Glass Rectangular Backboard. Indoor use only.

- Direct mount (5" x 5" hole pattern) or 4 corner mounting
- Goal and net sold separately

GBAFR-48 72" x 48" Rectangular Glass Backboard

\$899 EA 200 lbs

42" Rectangular Glass Conversion Backboard

½" thick tempered glass backboard easily converts fan-shaped backboards to rectangular backboard. Eliminates need to alter playing court or backstop system. Indoor use only.

- Direct mount (4" x 5" hole pattern) or 4 corner mounting (20" x 35")
- High strength clear anodized aluminum frame
- Goal and net sold separately

3 Year Limited Warranty

GCBP-35 72" x 42" Backboard

Master Equipment Controller 2 (MEC2)

Similar to your touchscreen smartphone, this slick wall-mounted touchscreen is one of the best upgrades for any facility. The MEC2 features intuitive menus to allow anyone to easily program at any point in time, without switches or removal of the screen. Simply put, the MEC2 is the leading economical equipment control system in the industry!

- Low voltage 7" capacitive touchscreen
- Individual or grouped simultaneous operation
- Easily expandable with low cost expansion relay boards
- Protected with multiple tiered access logins
- Simple retrofit from existing methods of operation
- Direct replacement for MEC-99 control system
- Refer to the MEC2 spec sheet for additional information

MEC2 Call for Pricing

Easy Touch Equipment Controller (ETEC)

With all the same benefits as the MEC2, the ETEC features additional unparalleled benefits, making this system the ultimate gymnasium equipment controller in the industry. The ETEC allows you to simultaneously raise your divider curtains and side court backstops, while lowering your main court backstops. The ETEC is truly a must-have control system for large facilities with quick turn-around time.

- Low voltage 10.4" high resolution LCD touchscreen
- Simultaneous up and down operation
- On-the-fly quick selection programming
- Customized facility layouts with intuitive graphical interface
- Instantly saves user programs with the press of a button
- Refer to the ETEC spec sheet for additional information

Gym Divider Curtains

Jaypro Sports offers a variety of functional and attractive divider curtains that help divide any sports facility or institutional space. From power-controlled to manual curtains, we custom design divider curtains for any facility size requirements. Also available in solid vinyl or vinyl coated mesh with several color options.

Fold Up Curtain FC-680

The most versatile and robust curtain in the industry. This curtain uses hoist cables which are weaved through grommets and are attached to the bottom batten. Hoist cables simply roll on the driveline, causing the curtain to fold neatly towards the ceiling in an accordion style fashion.

- Most durable, longest lasting curtain in the industry
- Easiest retractable curtain to install
- Compact fold to maximize clear height

Electric Curtain Winch CW-1800

See page 106 for details

Slope Fold Curtain **SC-685**

Engineered to fit against the roof frame and conform to virtually any slope while providing maximum clearance for all sporting activities. This curtain can conform to virtually any roof to maximize clearance for all sporting events. Check out the new Field House Slope Fold Curtain (SC-685XL) on page 112. *Call for freight quote.*

Top Roll Curtain **TC-701**

Uses no hoist cables or straps to raise and lower the curtain and stores tighter than many other curtain designs for additional clearance with low ceilings. When operated, the entire fabric rolls onto the drive pipe. *Call for freight quote.*

Mini Top Roll Curtain **TC-710**

Compact curtain system designed to store tight to the ceiling structure by means of an internal tubular motor. Ideal for cafeterias, meeting rooms, stages, or other small spaces. *Call for freight quote.*

Walk Draw Curtain **WC-660 & WC-660BP**

Designed for manual operation, this curtain is moved by pulling it along a ceiling suspended track to store along a perimeter wall. *Call for freight quote.*

Roll Up Curtain **RC-690**

Raised and lowered by heavy-duty hoist belts and stores in a 2' storage space close to the building structure. When operated, hoist belts roll the fabric onto the bottom batten. *Call for freight quote.*

Field House Slope Fold Curtain SC-685XL

Engineered to fit against the roof frame and conform to virtually any slope while providing maximum clearance for all sporting activities. This mega curtain utilizes dual synchronized winches with a low voltage controller. This curtain can conform to virtually any roof to maximize clearance for all sporting events. Pictured below, this SC-685XL curtain measures 190' long and 42' high at the peak and raises to the ceiling in 75 seconds. *Call for freight quote.*

Perimeter Fold Up Curtain FC-680P

Jaypro Perimeter Curtains are ideal for completely following the inside or outside perimeter of running tracks within multi-use facilities and field houses. These curtains are designed to separate the running track from interior basketball or volleyball courts, thereby maximizing facility use and flexibility. Adjoining curtains are overlapped and offset to allow for easy egress. *Call for freight quote.*

Motorized Netting

Safety netting systems are designed to protect spectators or create safe passageways outside the field of play. A complete surround netting system can be used to seal off a court or field for ball containment. Netting can enclose the perimeter of a facility as well as create a ceiling. Netting systems can be motorized or stationary. Contact Jaypro's estimating department to help design a solution for your netting needs. *Call for freight quote.*

Visit JAYPROSPECS.COM
for product specifications

Protective Stationary Netting

Jaypro makes nets to separate outdoor athletic fields in large complexes and to divide indoor athletic facilities. We also provide complete perimeter and ceiling netting protection for your athletic facility. Our netting is found on tennis courts, basketball courts, soccer fields, and golf courses. Everything we make is customized to your needs as no two facilities are alike. Call or e-mail us to discuss your project. *Call for freight quote.*

Securelift™ Wrestling Mat Storage Systems

Eliminate risk of injury to students, athletes and coaches from manual lifting and transporting of heavy and awkward mats. Gain valuable storage space and extend the life of your wrestling mats. Simply roll the mat(s) onto the sling, attach the sling to the load bar, turn the key to raise the unit and store at ceiling height. Call for details and pricing.

* System: 3 Year Limited Warranty, Net & Covers: 1 Year Limited Warranty

FIELDPRO™ NET SYSTEM

Portable FieldPro™ Net System

Lightweight indoor/outdoor portable net system for fields and courts where in-ground sleeve systems are not an option. Can also be used as a multi-field/court space divider!

- Easy net assembly with cable clamps and sliding rings
- 12' tall x 2¾" dia. aluminum poles on tip-and-roll bases with no-flat tires
- Counterweight containers and corrosion-resistant hardware included
- Optional vinyl base covers (PFN-BCVR) sold separately

Poles can be powder coated black (specify when ordering). Typical pole spacing is 18' apart and should not exceed 20'. Sold per base dependent on overall length needs (specify when ordering). Call for quote.

NOTE: It is the customer's responsibility to fill counterweight containers.

FieldPro™ Net System Base Cover

Vinyl base cover slides over counterweight containers. Standard color is red.

1 Year Limited Warranty

Custom **FIELDPRO**TM NET SYSTEM

Seven Different Heights and Pole Styles

10' Straight Pole with multi-sport net is ideal for use as a Lacrosse and Field Hockey backstop net. The net is clipped at the top and bottom of each pole.

15', 20', 25', 30', and 40' Straight Pole comes with a hoist system allowing quick and easy lowering/removal of the net after the game, season, or before a big storm. Reinstalling the net is a snap - all from ground level with no need for a ladder.

20' Offset Pole provides 3' of offset which is ideal for use around the perimeter of soccer and baseball/softball fields. It's also an added measure of safety from ricocheting balls.

Basic Features

- Pulley system to raise/lower net (excludes 10' poles)
- Ground sleeves facilitate installation and allow for system removal as needed
- Covers for ground sleeves are sold separately

* Limited Warranties

Visit JayproSpecs.com to access detailed specification sheets for FieldProTM Net Systems.

Terms & Conditions

Contact your Local Jaypro Sports Representative or Jaypro Sports for detailed information on Terms & Conditions

Returns: Jaypro Sports will accept the authorized return of all standard products for any reason within 30 days of the ship date. SPECIAL ORDER/CUSTOM COLOR ITEMS ARE NOT RETURNABLE. Customers must obtain a return authorization number from Jaypro Sports after supplying the invoice number, item number, and reason for return. Customer is responsible for a 25% restocking fee and return freight charges.

Freight Damages & Discrepancies: Damages or shortages must be reported within 7 days of the delivery date. It is the responsibility of the customer to sign the delivery receipt as damaged or short. If Jaypro Sports is notified within this time frame, we will replace as needed and file the claim with the carrier.

Payment Terms: We accept checks, American Express, Discover, MasterCard, and Visa. Approved accounts are required to submit a purchase order and will be billed Net 30 from the invoice date. All past due accounts are subject to a 1.5% per month (18% per year) interest charge and collection costs. Any approved account choosing to pay by credit card after the invoice date may be subject to a 3% credit card processing fee.

Warranties: Limited Warranty: Jaypro warrants most of our products against defects in workmanship and material for three years from the date of shipment, unless otherwise noted in the catalog.

We reserve the right to correct typographical errors. Visit www.Jaypro.com for a full list of Terms & Conditions.
