2017 **THEMED** COMMERCIAL PLAYGROUNDS

Is it Just a PLAYGROUND ...OR is it ART?

 themedCONCEPTS

So many playgrounds today look like the
same old thing.

Today's children are tired of walking up the **SAME** set of stairs onto the **SAME** plastic coated decks with the **SAME** steel posts, climbing the **SAME** climbers, and playing with the **SAME** plastic panels...

A playground from **Themed Concepts** is

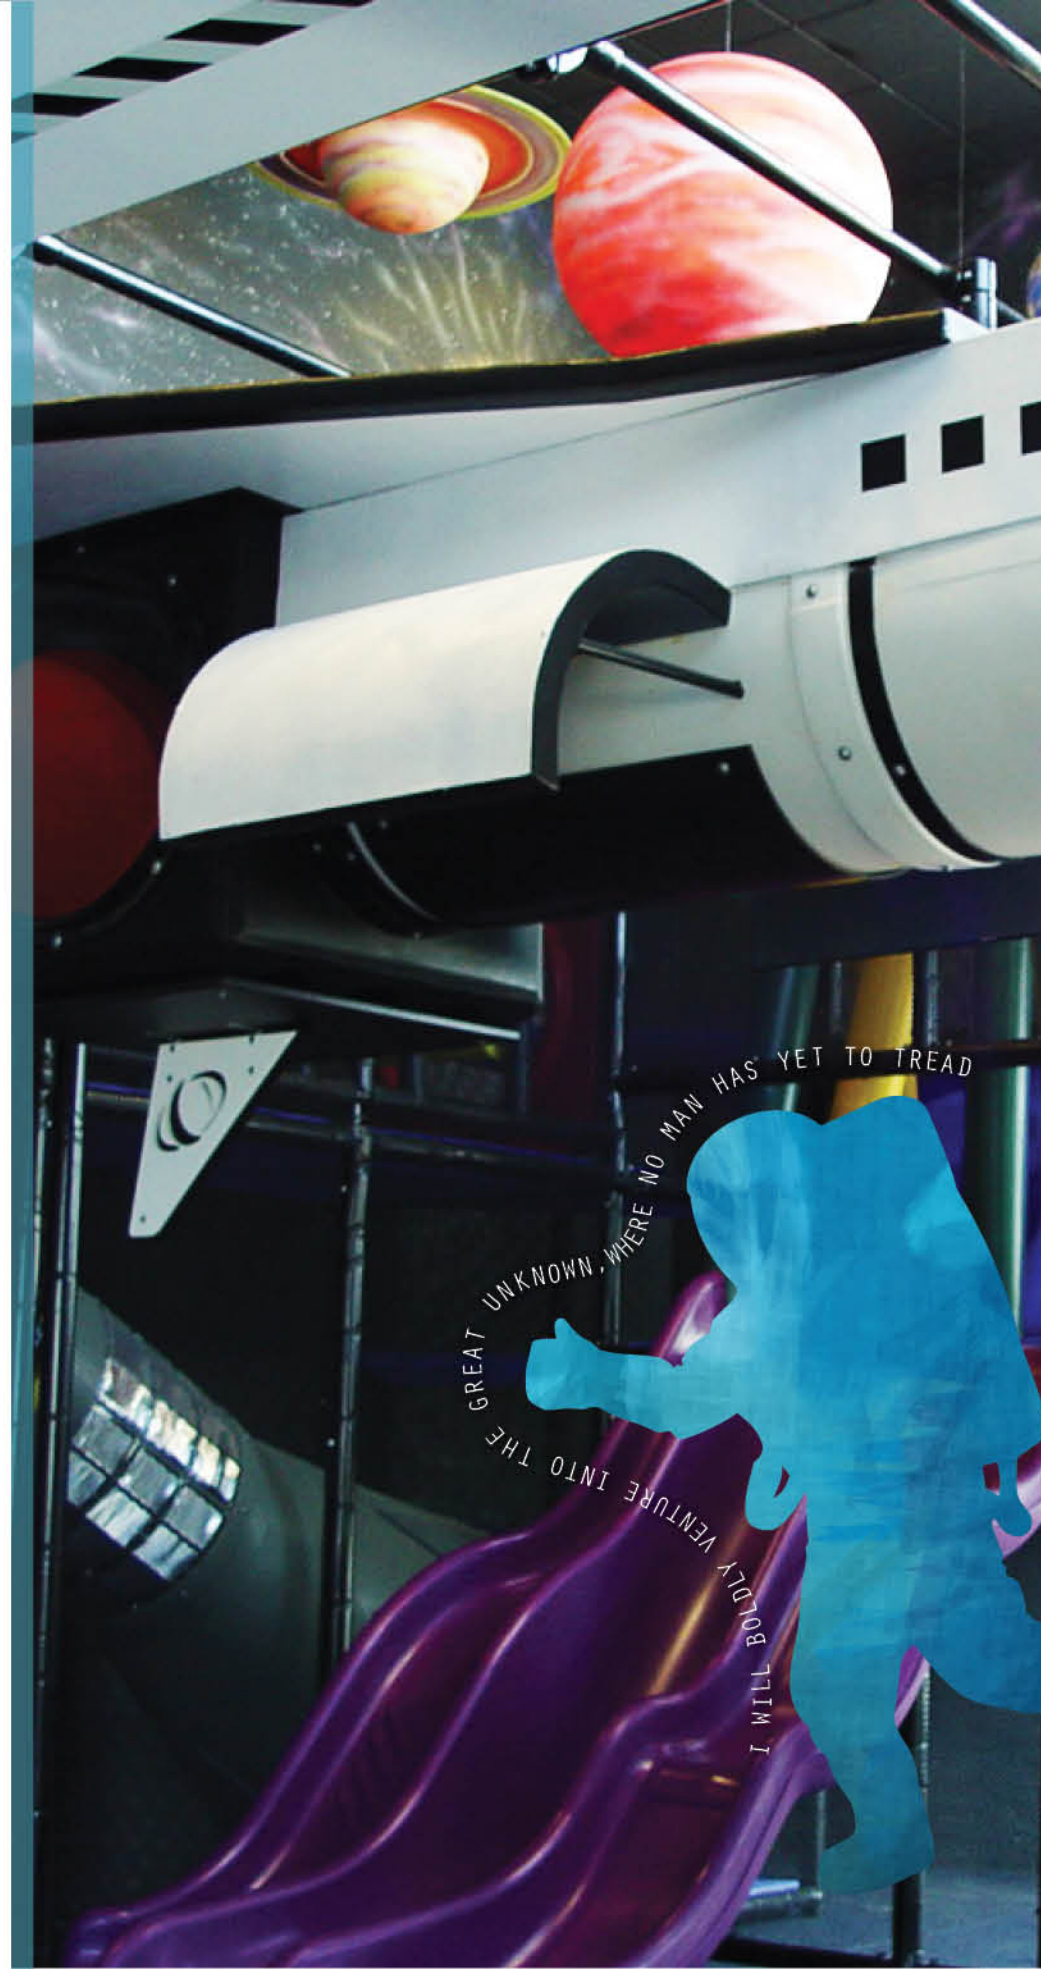

— **more** —
than posts, decks, sticks and stones - it's a

**LIVING
BREATHING
WORLD OF IMAGINATION.**

RISE, TEAR SOME BEAST AND PREPARE FOR BATTLE

YMCA
ELK RIVER, MN

From Left: Matt Naeve, Ole Naeve
Themed Concepts Company Owners

SINCE 1971

Themed Concepts' management team has been involved with the design and installation of themed environments all over the world. We started our specialty-construction careers by using the Bomanite™ technology; a cutting-edge innovation in the early 1970's that created stamped and colored concrete flat-work with patterns that were capable of simulating real stone and brick. In the process of mastering that technology, our team developed plastic imprinting tools that applied texture, in addition to color and pattern, to decorative concrete flat-work.

In 1976, as the Minnesota Zoo was being constructed, they were searching for ways to create exhibits with more realistic environments involving simulated rocks and trees. Intrigued by the request, our team developed, manufactured and installed what is believed to be the first installation of GFRC (glass-fiber-reinforced-concrete) rock-work in the world for this project using our own developed system for forming and application. Since the successful completion of that first GFRC installation, we began installing artificial rocks and trees all over the world - in zoos, amusement parks, hotel & resorts, restaurants and malls. You may have already enjoyed some of our created environments at any of the Rainforest Cafes™, the Mall of America™, Yosemite National Park, or the Grand Wailea Hotel™ in Maui.

Naturally, our theming expertise led us into the imaginative world of playgrounds, and we created our first play site in the City of Edina, Minnesota. Almost 15 years later, while other playgrounds are broken, faded or simply outdated, Edina's playground is consistently busy, keeping its participants physically and mentally active and eager to play and imagine! Since then, we have designed and built literally thousands of themed play features, becoming experts at playground safety guidelines and requirements.

The design team at Themed Concepts believes that anything is possible. If it can be imagined, it can be built. We have designed and built playgrounds with everything from pirate ships to dinosaurs, fairy tale castles to tree houses - and everything in between. Themed Concepts continues to lead the industry with new innovations and time-tested results. See some of our amazing creations yourself!

AT THE CROSSROADS OF SOPHISTICATION

The path is steep and full of obstacles, but you'll lead to amazing places typically are

AND IMAGINATION

Minnesota Zoo
APPLE VALLEY, MN

WHAT IS GFRC?

Glass Fiber Reinforced Concrete (GFRC) is a concrete mixture created from a combination of Portland cement, silica sand, alkaline resistant chopped fiberglass and may include any combination of additives. Once the raw materials are prepared, measured, and blended appropriately, the mixture is then expertly applied in thin layers into a product mold. GFRC is uniquely beneficial in that it is capable of making lightweight decorative concrete products while maintaining large load capacities and unparalleled overall strength.

All professionally mixed and placed concrete has great compression strength, but it is not flexible and has practically no tensile strength. Large cracks commonly occur in concrete applications due to drying, shrinkage and movement. When cracks form in concrete, the severity of the crack will depend on how much reinforcement is present in the concrete. However, Alkaline resistant chopped fiberglass, when added to concrete mixtures correctly, adds advanced flexibility and lightens the weight of the concrete creating Glass Fiber Reinforced Concrete. The alkaline resistant chopped fiber glass gives GFRC three times higher tensile strength than that of unreinforced concrete and will help prevent anything larger than standard hairline cracks in the finished product.

FEATURES OF GFRC:

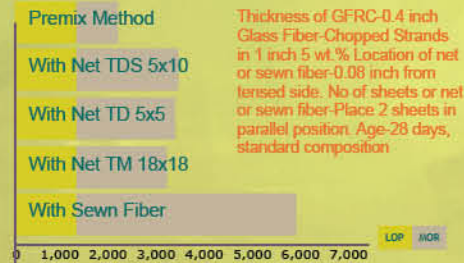

- ADVANCED BENDING STRENGTH
- GREAT IMPACT STRENGTH
- TOUGH AND CRACK RESISTANT
- LIGHTWEIGHT PRODUCTS
- ALLOWS FOR ARTISTIC DESIGN

BENDING STRENGTH OF GFRC USED WITH NET OR SEWN FIBER

COMPARISON IN DIRECT SPRAY-UP METHOD

COMPARISON IN PREMIX METHOD

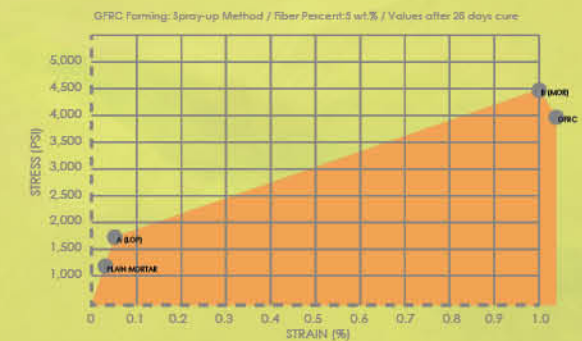

THE SECRET FORMULA

At Themed Concepts, our proprietary GFRC formula - ThemeCRETE®, has been created utilizing decades of application experience and field observations along with the most modern technologies available. Our ability to enhance the finest details in our product stems from a unique combination of specialized expertise spanning across several industries and honed over decades of working with and pioneering advances in GFRC environments.

STRESS STRAIN CURVES OF GFRC

GFRC acts as an elastic solid up to point A (Limit of Proportionality). The curves between A (LOP) and B (MOR) illustrate the fact that only glass fiber contributes to the reinforcement, which is the main characteristic of GFRC's high impact strength.

WHAT'S IN YOUR PRODUCT?

GFRC (glass fiber reinforced concrete) is a specific type of concrete product that must contain Alkaline Resistant Chopped Fiberglass. Without this key ingredient, all the strength and flexibility benefits of GFRC are removed, leaving just standard concrete behind. There are only a handful of manufacturers around the world who create this special form of fiberglass. Ask your theming manufacturer if they are providing true GFRC in their concrete products.

THE ORIGINAL. THE BEST.

Themed Concepts' ThemeCRETE mix has over 30 years of experience backing it up. We actively search for new and improved additives to further enhance our formula to meet current concrete expectations for strength and longevity. For your next themed project, demand a high level of expertise in artistic creation, a product you can count on, and a team with the ability to execute your vision.

To ensure the highest levels of craftsmanship, all molds and sculptures utilized by Themed Concepts are created by our own team of in-house sculptors and artistic professionals. We understand that developing and maintaining a highly skilled team of artists as well as our own library of molds will ensure a level of quality and consistency that our customers can count on for decades to come.

THE STRUCTURE OF MY SECRET LAIR MUST BE AS STRONG AND RESILIENT AS I AM

We've heard a lot of people say
"it's all for the children"...

Five Years. One Million Dollars. It's that simple. At Themed Concepts, our goal is to donate a collective one million dollars over the span of five years beginning officially in September of 2015 and finishing in December of 2020. To accomplish this goal, we have partnered with three highly rated non-profit organizations that we believe represent the vision of **Play4Change**. We are honored to be connected with each of these amazing groups who have done so much to increase the quality of life for so many children across North America and around the globe. The team at Themed Concepts hopes that our goal will inspire others to join us in the effort to provide a brighter future for children around the world who need our support.

We didn't want to be just another person or company that talks and talks but never puts their
boots on the ground.

brought to you by
themedCONCEPTS™

we play for...
HUNGER
HEALTH
HOPE

With the launch of Play4Change in 2015, we are committing to do our part to help children in this country and around the world who struggle with things many of us take for granted; hunger, life-threatening illness and the ability to enjoy the simple, carefree joys of childhood. We hope to one day live in a world where every child is free to run and play without these burdens; where every child can embrace the treasure of their youth.

The management team at Themed Concepts has always felt particularly drawn to children's causes; and not only because of the child-focused industry in which we work. Between the five of us, we have a collective 14 children and each of us shares a strong belief that family and children should always come first - without exception. It's a commitment that shapes the very core of our corporate culture and allows us to thrive both personally and within our professional team environment.

meet our partners...

A storybook themed resort in Florida where children with life-threatening illnesses and their families are treated to week-long, cost-free fantasy vacations.

A national organization dedicated to eliminating pediatric cancer and to providing hope and support to those who are touched by it.

A non-profit Christian organization committed to feeding malnourished children across the globe in order to break the cycle of poverty.

BANANA BENCH

P4C-TF-201

Approx. 72" x 36" x 30"

- realistic sculpting
- seats up to four occupants

This product comes with a
\$500.00 DONATION
to Feed My Starving Children

CRATE CLIMBER

P4C-UC-202

Approx. 48" x 42" x 60"

- use as independent play or as climber to existing equipment

This product comes with a
\$1,450.00 DONATION
to Feed My Starving Children

CRATE PLAYHOUSE

P4C-PS-201

Approx. 60" x 216" x 144"

- 60" main deck features attachment points for slides and climbers
- under-deck sandbox for 2-5 age group

This product comes with a
\$8,450.00 DONATION
to Feed My Starving Children

FRUIT PODS

P4C-PH-201

Approx. 48"x66"x30"

- functionally linked pods provide challenging, fun transition between events, or as a stand-alone independent play piece

This product comes with a
\$500.00 DONATION
to Feed My Starving Children

CRATE BENCH

P4C-TF-201-96

Approx. 18" x 96" x 30"

- realistically sculpted crates support bench surface
- available in 48", 72", 96" lengths

This product comes with a
\$500.00 DONATION
to Feed My Starving Children

CRATE CLIMBER

P4C-UC-201

Approx. 48" x 42" x 48"

- use as independent play or as climber to existing equipment

This product comes with a
\$1,200.00 DONATION
to Feed My Starving Children

OVERFLOWING BOWL

P4C-IP-202

Approx. 84" x 84" x 60"

- polished GFRC bowl lets water cascade over outstretched hands

This product comes with a
\$7,800.00 DONATION
to Feed My Starving Children

GLOBE CLIMBER

P4C-IP-201

Approx. 60" x 60" x 72"

- hand-grips denote key recipients of aid and provide challenging play experience

This product comes with a
\$2,250.00 DONATION
to Feed My Starving Children

HEART BENCH

P4C-TF-101-96

Approx. 72" x 36" x 30"

- realistic sculpting
- available in 48", 72", 96" lengths

This product comes with a
\$500.00 DONATION
 to Bear Necessities Pediatric Cancer Foundation

HEART STUMP CLIMBER

P4C-UC-103

Approx. 96" x 108" x 72"

- use as independent play or as climber to existing equipment

This product comes with a
\$3,300.00 DONATION
 to Bear Necessities Pediatric Cancer Foundation

HEART STEPPERS

P4C-PH-101

Approx. 102" x 96" x 30"

- functionally linked pods provide challenging, fun transition between events, or as a stand-alone independent play piece

This product comes with a
\$500.00 DONATION
 to Bear Necessities Pediatric Cancer Foundation

TEDDY ART PANEL

P4C-IP-101

Approx. 24"x60"x60"

- durable chalk board center panel
- eye-catching heart shaped design

This product comes with a
\$1,900.00 DONATION
 to Bear Necessities Pediatric Cancer Foundation

Bear
 Necessities
 Pediatric Cancer Foundation

TEDDY BEAR STUMP HUT

P4C-TT-101

Approx. 54" x 90" x 84"

- toddler-friendly playhouse with heart shaped windows

This product comes with a
\$3,650.00 DONATION
 to Bear Necessities Pediatric Cancer Foundation

RAINBOW CLIMBER

P4C-UC-101

Approx. 48" x 72" x 48"

- use as independent play or as climber to existing equipment

This product comes with a
\$1,750.00 DONATION
 to Bear Necessities Pediatric Cancer Foundation

TEDDY BEAR HIDEOUT

P4C-PS-101

Approx. 96" x 120" x 156"

- fun, colorful climb to 72" play deck nestled inside Stump Hut

This product comes with a
\$9,500.00 DONATION
 to Bear Necessities Pediatric Cancer Foundation

TEDDY BEAR CLIMBER

P4C-UC-101

Approx. 48" x 48" x 48"

- use as independent play or as climber to existing equipment

This product comes with a
\$2,250.00 DONATION
 to Bear Necessities Pediatric Cancer Foundation

Bear
 Necessities
 Pediatric Cancer Foundation

MUSHROOM BEAM

P4C-IP-303

Approx. 24" x 72" x 24"

- realistic sculpting
- challenging balance feature across multiple heights

This product comes with a
\$500.00 DONATION
to Give Kids the World Village

HOBBIT HOUSE

P4C-IP-301

Approx. 96" x 96" x 96"

- covered in soft turf grass
- perfect for 2-5 age range
- multiple levels of play

This product comes with a
\$7,200.00 DONATION
to Give Kids the World Village

TOADSTOOL BENCH

P4C-TF-301-96

Approx. 18" x 96" x 30"

- detailed, colorful mushroom supports
- available in 48", 72", 96" lengths

This product comes with a
\$500.00 DONATION
to Give Kids the World Village

TOADSTOOL PLAYHOUSE

P4C-PS-301

Approx. 108" x 60" x 132"

- access to 48" main deck via custom mushroom climber
- 48" curved slide attachment

This product comes with a
\$10,450.00 DONATION
to Give Kids the World Village

WIZARD CLIMBER

P4C-UC-301

Approx. 48" x 48" x 72"

- use as independent play or as climber to existing equipment

This product comes with a
\$1,400.00 DONATION
to Give Kids the World Village

TREE MAN CLIMBER

P4C-UC-302

Approx. 36" x 36" x 36"

- use as independent play or as climber to existing equipment

This product comes with a
\$950.00 DONATION
to Give Kids the World Village

BEANSTALK SWINGS

P4C-IP-302

Approx. 168" x 240" x 132"

- detailed vine post wraps add imagination and play value to swingset

This product comes with a
\$1,250.00 DONATION
to Give Kids the World Village

VINE & TOADSTOOL PODS

P4C-PH-301

Approx. 42" x 78" x 24"

- functionally linked pods provide challenging, fun transition between events, or as a stand-alone independent play piece

This product comes with a
\$400.00 DONATION
to Give Kids the World Village

TREELINE

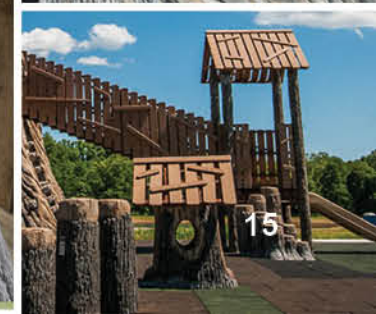

NATURE THEMED PLAYGROUNDS

Themed Concepts' **ALL NEW** TreeLine play series allows our customers to achieve the same **TOP QUALITY**, **HAND-SCULPTED** product we're known for, while maintaining a **BUDGET FRIENDLY** price tag.

CUSTOM PLAY FOR ALL!

- Componentized design allows customers to easily design their own treehouse playgrounds!
- Smart engineering and purposefully designed functionality helps to keep prices affordable.
- Products still showcase Themed Concepts' famous hand sculpted forms and finishes.
- Hand airbrushed painting on every product means every piece that leaves our factory is a one-of-a-kind!
- Railings, barriers and rooftops are finished with composite wood planks to enhance the natural appeal of the equipment.

TREELINE
 NATURE THEMED PLAYGROUNDS

Go ahead, take your pick!

No one knows your little adventurers better than you. Having all the component decisions at your fingertips ensures you get the best solution for your site, your budget and most importantly, your unique group of children.

- 36 TreeLine play scrapers™
- 38 stairs and bridges
- 40 climbers
- 44 accessories and slides
- 46 pod hoppers™
- 48 rooftops and high tops™
- 49 boulder paths
- 50 educational panels
- 53 critters and crawlers

TREELINE™ PLAY SCRAPERS

TREELINE SERIES
Play Towers

Our *TreeLine Play Scrapers™* tree-themed towers are the first step to building your perfect play space. Choose the look of your playground starting with the options below!

Forest Tree Tower

Decks are positioned high up in the treetops in this Play Scraper unit. Split deck heights are set at 8" increments, spanning from 3'-8' in height. Available with or without a foliage canopy roof. Base unit includes 3 spaces to customize play events.

Single Post Treehouse

This Play Scraper comes with a "hodge-podge" treehouse look with composite wood rails set atop a single tree stump. 3'-6' Deck heights. Realistic log and bark textures

Square Log Slice Tower

This Play Scraper comes with an adjustable top deck spanning from 3' to 6'. Under-deck tunnel allows for ground level play. Realistic log and bark textures with four spaces to add play events.

Hex Log Slice Tower

This enlarged Play Scraper comes with an adjustable top deck spanning from 3' to 6'. Under-deck tunnel allows for a multitude of ground level play. Realistic log and bark textures. Six spaces to include your choice of play events!

STAIRS AND BRIDGES

ADA Transfer Station

- Allows for an accessible path to elevated play features.
- Available heights: 24"-48" (.60m-1.22m)

TreeLine Stairs

- Provides easy access to and from decks of different heights.
- Available spans: 24"-48" (.60m-1.22m)

Plank Bridge

- Provides easy access to and from decks of the same height.
- Available spans: 4', 6', 8' (1.22m, 1.83m, 2.44m)

Inclined Bridge

- Provides easy ramped access to and from decks of different heights.
- Available spans: 4', 6', 8' (1.22m, 1.83m, 2.44m)

Arch Bridge

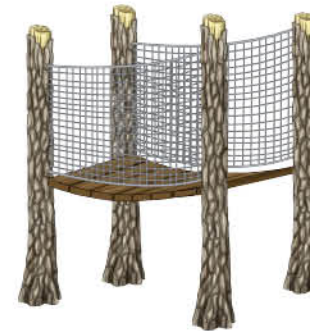

- Provides easy access to and from decks of the same or differing heights.
- Available spans: 4', 6', 8' (1.22m, 1.83m, 2.44m)

Sweep Bridge

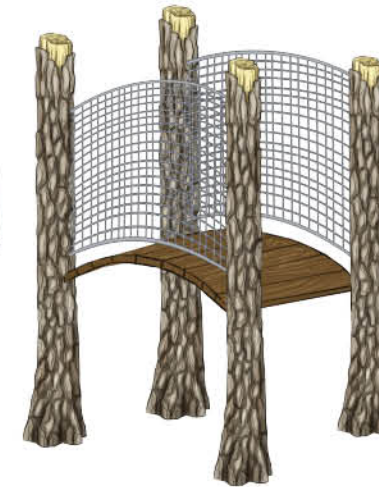

- Provides easy access to and from decks of the same or differing heights.
- Available spans: 4', 6', 8' (1.22m, 1.83m, 2.44m)

NET AND MESH BRIDGES

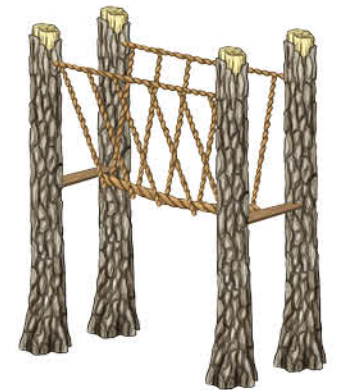

Arch and Sweep Bridge Coated Mesh Rail

- Provides easy access to and from decks of the same or differing heights.
- Available spans: 4', 6', 8' (1.22m, 1.83m, 2.44m)

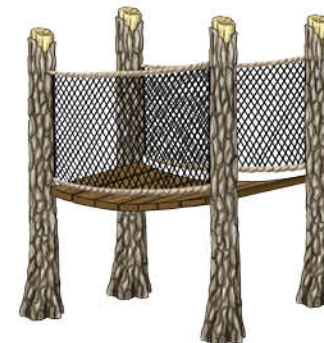

V-Cable Bridge

- Provides easy access to and from decks of the same or differing heights.
- Available spans: 24"-48" (.60m-1.22m)

Steady Bridge

- Bouncy, wobbly bridge provides a fun walk from decks of same or differing heights.
- Available spans: 4', 6', 8' (1.22m, 1.83m, 2.44m)

3-Sided and 4-Sided Cable Bridges

- Provides easy access to and from decks of the same or differing heights.
- Available spans: 4', 6', 8' (1.22m, 1.83m, 2.44m)

TREELINE DECK CLIMBERS

Inclined Ramp Climber

Features composite wood planks along a composite ramped base.
For deck heights: 2'-8"
(.60m-1.83m)

Log Ladder

Log themed ladder is a fun tree-themed climb to the deck.
For deck heights: 2'-10"
(.60m-3.05m)

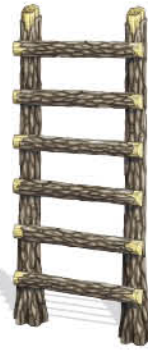

Steady Ladder

A fun, challenging plank ladder for children aged 5-12. Single rope attachment adds extra movement.
For deck heights: 2'-10"
(.60m-3.05m)

Clatter Ladder

A plank style climbing ladder with double rope attachment providing limited movement.
For deck heights: 2'-8"
(.60m-1.83m)

Vertical Ladder Climber

Vertical climbing experience with extra-wide, post-mounted logs leading to the deck.
For deck heights: 2'-10"
(.60m-3.05m)

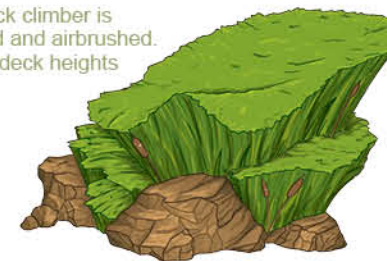

Spiral Stump Climber

This unique climbing tower comes with integrated spiraling fungus shelves and landing platforms that span from 2' to 5' (.60m-1.52m). Realistic log and bark textures.

Prairie Grass

Grass and rock climber is hand sculpted and airbrushed.
For 2' (.60m) deck heights

Log Stack

Horizontally stacked logs are hand sculpted and airbrushed.
For 2' (.60m) and 6' (1.83m) deck heights

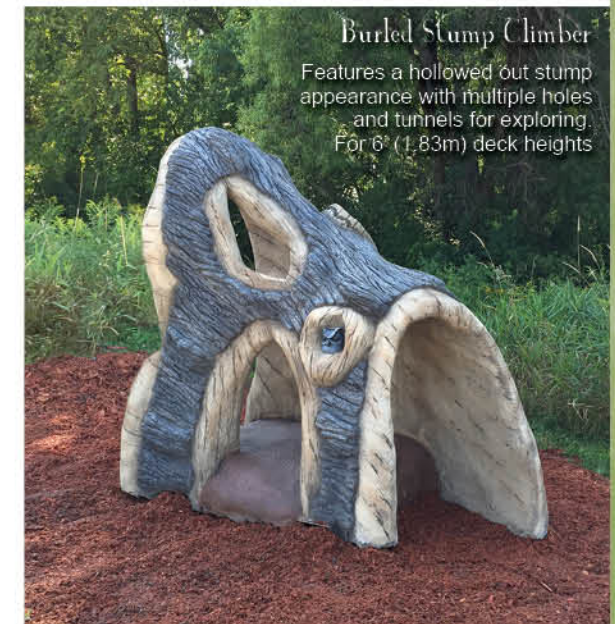

Raccoon Family Climber

Raccoon family is hand sculpted and airbrushed with strategically placed hand/foot placement.
For 4' (1.22) deck heights

Chopped Log Climber

Hand sculpted, airbrushed log climber provides an easy climb to the deck.
For 2'-4' (.60m-1.22m) deck heights

Burled Stump Climber

Features a hollowed out stump appearance with multiple holes and tunnels for exploring.
For 6' (1.83m) deck heights

Mama Bear Climber

Hand sculpted, airbrushed bear family features mama bear and two cubs.
For 4' (1.22m) deck heights

Pine Peak Climber

Hand sculpted, airbrushed tree and bark textures.
For 2'-6' (.60m-1.83m) deck heights

TREELINE DECK CLIMBERS

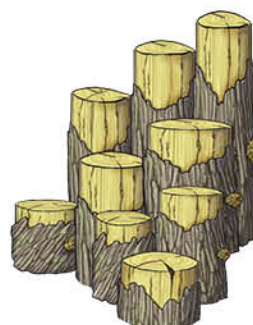

Log Chip Tunnel Climber

Log themed climber with built-in tunnel and hand holds.
For deck heights: 2'-6" and 6'
(.60m and 1.83m)

Standing Logs

Log themed climber with hand sculpted, airbrushed finish.
For deck heights: 2'-6" and 6'
(.60m-1.83m)

Sliced Quarter Climb

A log-slice style climber.
For deck heights: 3'-8" and 8'
(.91m-1.83m)

Sliced Semi Arch

Arched log-themed climber.
For deck heights: 3'-8" and 8'
(.91m-1.83m)

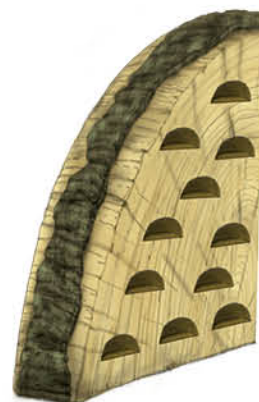

Fungus Trunk Climber

Tree trunk themed climber with sawn-off branches and fungus shelves.
For deck heights: 3'-8" and 8'
(.91m-1.83m)

Sliced Chip Climber

Log climber with integrated foot/hand ledges.
For deck heights: 3'-8" and 8'
(.91m-1.83m)

Crew Net Climber
Evenly spaced, tapered climbing net leading to the play deck.

NET CLIMBERS

Ladder Rope Climber

Evenly spaced, easy climbing net leading to the play deck.

Staggered Challenge Net Climber

Challenging rope climber has a staggered, uneven pattern creating a more difficult climb to the top!

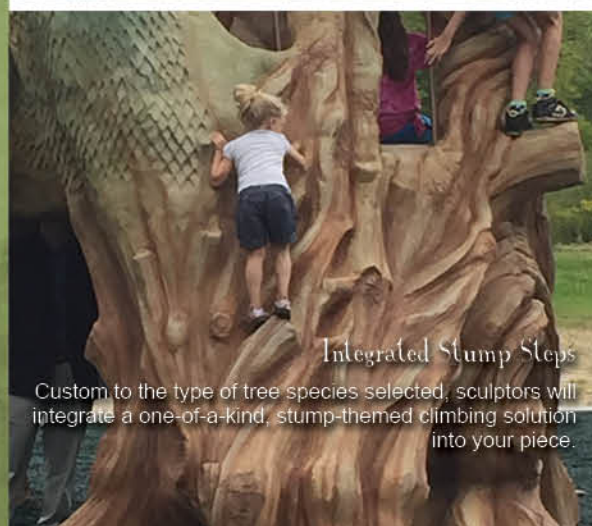

Staggered Rope Climber

Evenly spaced, moderately challenging net climber.

BUILT-IN CLIMBERS & ACCESSORIES

Multiple Shapes & Sizes Available. Contact a Sales Rep for a list of all our sliding equipment possibilities!

U-CLIMB

U-NIVERSALLY AWESOME

Our **AMAZING** U-Climb line combines the famous Themed Concepts level of **DETAIL** and **CREATIVITY** with the flexibility of traditional modular climbing **COMPONENTS**. Whether you're **CREATING** a completely **CUSTOM-THEMED** play system, or looking to add some **UNIQUE** flair to an existing post-and-deck structure, U-Climb is the **PERFECT** solution.

- Multitude of themes to choose from, including animals, plants, rocks, and even buildings!
- Available to fit any deck height, from 2' to 10'
- Hand sculpting and painting results in photo-realistic finish, adding unique tactile value to climbers and increasing play value
- Functionally link to Pod Hoppers and Indie Play components to create themed circuit play!

DREAM decks

there's sure to be great adventures awaiting me at the top...

THE VERY PEAK OF IMAGINATION

We **DEVELOPED** the Dream Deck play systems to satisfy the need for an all-in-one, **FULLY-THEMED** play solution. Inside each of these large-scale play structures you'll not only find a **NEW WORLD OF EXCITEMENT**, you'll discover custom-themed activities and **BEAUTIFULLY** airbrushed **DETAILS** created by our professional **SCULPTORS** and **ARTISTS**.

Stepping onto one of our Dream Decks has the **POWER** to transport children back in time to a **PREHISTORIC ERA** so they can walk with the dinosaurs, discover **ANCIENT RUINS** on an archaeological dig, or become **CAPTAIN** of the high seas!

- A number of different themes to choose from, including dragons, barnyards, castles, and farm pirate ships!
- Can be modified to include a number of slides, climbers, nets and deck extensions to attach to different or existing play equipment!
- Hand sculpting and painting results in a photo-realistic finish, adding unique tactile value to the structures and increasing play value
- Customizable play options and challenge levels available to accommodate any age, activity or accessibility need
- Dream Decks™ provide a perfect themed play solution for children of all ages

WE STARTED ROCKING BEFORE IT WAS COOL!

The Rock Bouldering line from Themed Concepts is a **TRADITIONAL** favorite. Since 1971, Themed Concepts has been **PIONEERING** the **ART** and **SCIENCE** of artificial rock-work, creating the **FIRST-EVER** GFRC rock wall at the Minnesota Zoo in 1976. Our rocks can be seen **EVERYWHERE** from your local playground to Yosemite National Park, Rainforest Cafes, Museums, Zoos and **MANY** others. When it comes to recreational **CONCRETE** products, you won't find anyone with more **EXPERIENCE** than us.

CUSTOM DESIGNS

Have a theme or design in mind that we don't carry in our catalog? **NO PROBLEM!**

The team at Themed Concepts are experts at custom, and we love to create one-of-a-kind environments and tackle challenging landscapes! We're happy to assist you and your customers in creating that perfect, unique addition that will complete your playground site; or really make your dream come to life with GFRC, custom metal work, Theme-Coat® applications, one-of-a-kind net climbers and more. Your imagination is the only limit, and we do our best to work within any budget we're given. Call us today!

OTHER MARKETS

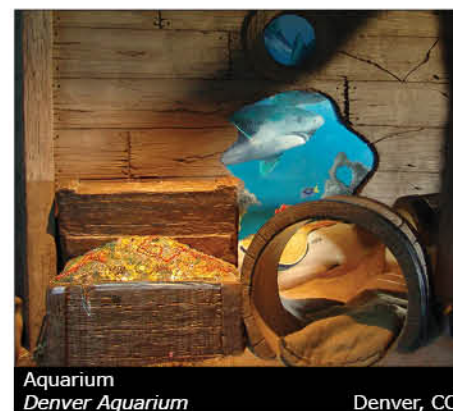

OUR WORK DOESN'T STOP AT THE
Edge of the playground.

Although firmly planted in the playground and recreation industries, our limbs stretch out far beyond the edge of our playground safety surfacing! The team at Themed Concepts has a long history working across many different industries and markets. If you'd like to discuss the potential to use our product in a non-recreation environment, feel free to give us a call at 855-724-3270.

PLAY EXCHANGE by Themed Concepts

How it Works:

Once you and your customer have decided on play equipment from your major manufacturer, call us! We'll create custom additions suited perfectly for the equipment you'll be using. After you and our designers have decided on the themed product you want to order, we will let you know what items we need shipped to our factory. Once delivered, we'll assemble, arrange and theme any play equipment requiring built-on theming; we'll package any stand alone items you may have ordered and ship the newly-themed equipment directly to you or to your play site.

Call for additional details.

THEME-COAT™

What it is:

We've all seen an aging playground. What was once a vibrant, inviting place that children would beg to go play on is now a rusty, faded group of steel posts and slides with no children in sight. Tearing down these aging play sites can be so economically wasteful! Call the designers at Themed Concepts before you demo any aging play site! Using our proprietary Theme-Coat™ process, our installers will apply a thin coat of our special ThemeCRETE™ formula over-top of existing equipment;

bringing new life and excitement back to a playground that may be past its prime. Old tube slides become tree trunks, rusty bridges are now ancient archways! The possibilities are endless!

COREConcepts™ training sessions

Who it's for:

The idea of patching, painting and maintaining a ThemeCRETE™ sculpted piece of equipment can seem overwhelming to some sales reps and installers. At Themed Concepts, we host a quarterly training seminar where we will teach you and your team to properly maintain and/or repair chips, paint scuffs and other standard wear and tear on the product over time. If you and your team are interested in securing a spot at our next Core Concepts™ event, call us to reserve your space.

Session sizes are limited. Seats will be reserved on a first-come, first-served basis. Call for details.

General Product Warranty Information v2.1

15-Year Limited Warranty: On all rotationally molded plastic components and High Density Polyethylene plastic sheet, not including plastic products encased in ThemeCRETE™, all structural steel framework and steel components against structural failure due to manufacturing defects or defects in materials.

10-Year Limited Warranty: On all ThemeCRETE™ or GFRC based products against manufacturing defects and structural failure due to natural causes. Product warranty does not cover surface scratches, hairline cracks, chips in ThemeCRETE™ or GFRC based products, efflorescence, or wearing of surface pigments or paints. Recycled plastic lumber and composite wood products provided by Themed Concepts™.

5-Year Limited Warranty: On all steel components manufactured by other pre-approved playground manufacturers that are encased in ThemeCRETE™ or GFRC based materials. Warranty will not cover any manufacturing defects of these products; warranty only extends to the ThemeCRETE™ application to the product.

3-Year Limited Warranty: On all ropes, nets and cables, swing components, swing hangers, and rubber or plastic swing seats due to manufacturing defects or defects in materials.

1-Year Limited Warranty: On all plastic components manufactured by other pre-approved playground manufacturers that are encased in ThemeCRETE™ or GFRC based materials. Warranty will not cover any manufacturing defects of these products; warranty only extends to the ThemeCRETE™ application to the product.

Themed Concepts does not warranty any wear and tear resulting from normal use of the product. Cosmetic issues such as surface scratches, chips, hairline cracks, wearing or fading paint, efflorescence visible on the product, or plastic warping or gaping as well as other cosmetic issues are not covered. Any deviation from the installation instructions and/or recommended maintenance procedures provided by Themed Concepts to the customer will void any manufacturers warranty on the product. Themed Concepts does not warranty any product failure or damage due to vandalism.

*Contact Themed Concepts for complete warranty information.
