NEW PRODUCTS

LISTENING TO THE CUSTOMER AND IDENTIFYING NEEDS, WE CONTINUE TO DESIGN AND DEVELOP NEW AND INNOVATIVE PRODUCTS

SOLAR LIGHT OPTION

Option: -100

Stern-Williams introduces an innovative solar powered lighting device that provides a safer experience for anyone using our fountains between dusk and dawn. The -100 is an add-on option for a variety of Stern-Williams drinking fountains, bottle fillers and shower towers. The solar panel is easily installed and has a weatherproof design for long lasting functionality. The Solar Attachment can face any direction, but is most efficient when the panel is pointing directly south. Dusk to dawn sensors provide light only when needed.

For applicable models see sternwilliams.com

HANDWASH STATION

Models: 8100, 8200, 8205, 8215, 8220, 8500

Stern-Williams' first Handwash Station is perfect for parks, campgrounds, hiking trails, and any recreational outdoor area. Not only is it aesthetically pleasing with a long-lasting, weather-durable finish, but the Handwash series is versatile. Our Handwash Station is available as a front wall mount, concealed wall mount, pedestal mount, or as an add-on to many of our drinking fountain models.

For applicable models see sternwilliams.com

DRINKING FOUNTAINS

DRINKING FOUNTAINS, BOTTLE FILLERS & PET FOUNTAINS

Model 5925

Stern-Williams outdoor fountains, bottle fillers, pet fountains and shower towers are among our more popular products. Our durable fountains are vandal resistant with an all-steel heavy-duty construction, including an access door for security and simple maintenance. Stern-Williams can customize their products based on the customers needs, whether it's a push-button, solar panel, dog bowl, leash hook or a combination.

We offer 10 powder coated color options, as well as a chrome clear option. Contact your Stern-Williams rep* to learn more about the variety of options, dimensions, and local availability.
